Senior Product Designer in Southern California. I like getting into the mess of a user problem, solving for real people, and building products that make an impact. Lately that looked like leading marketing tools at Kajabi.

EXPERIENCE

Senior Product Designer *Kajabi*

Apr 2020 — Jul 2025

Irvine, CA · Remote · Lead designer, consolidated Marketing Tools team

- **Promoted into design lead** after progressing from email and marketing automation into CRM and analytics; led the consolidated Marketing Tools team with Product and Engineering from discovery through launch, including leadership reviews and creator-facing webinars.
- Led **Creator Studio** 0→1 AI-powered content repurposing from concept through GA: **131 paid in ~2 weeks, 17.2k assets generated, 43% of beta** replacing external tools.
- **Messaging & CRM Email A/B** (v1v2), **contact profiles**, event analytics, email organization, and resend-to-unopened helping creators understand customer behavior, track performance, and manage relationships; established patterns adopted across the platform.
- **Automations & workflows** delivered Kajabi's first **Automations 2.0 Visual Editor** and **Comment to DM**, simplifying complex marketing workflows; integrated **Adobe Express** into Creator Studio and other builder experiences, in partnership with **Adobe**; **custom domain** setup with Entri.

Independent Product Design Consultant *Gig Finance*

Jul 2020 — Aug 2021

Remote · Own practice · Client engagement · Fintech

- **0→1 fintech product** partnered directly with the co-founder to set product direction and define site architecture; designed customer-facing planning and savings tools to be approachable and easy to navigate, and mentored a designer through design reviews.

Product Designer *JaneTech*

Aug 2019 — Apr 2020

New York, NY · Health and fashion clients (B2B / B2C)

- **B2B & B2C client work** translated distinct customer needs and business requirements into intuitive web and mobile experiences for healthcare and fashion, adapting the approach to each product and industry.

Product Designer *Moda Operandi*

Jan 2018 — May 2019

New York, NY · Purchase & Homepage squads · Web, mobile, app

- **Personalization & IA** led personalization, navigation, and information architecture to improve how customers discover, explore, and shop across purchase and homepage experiences.
- **Research to usability** led design from research and interviews through wireframes and prototypes to usability testing; facilitated design sprints with cross-functional partners, balancing customer needs, business goals, and luxury brand standards.

Intern → Associate Designer *Edelman*

Jul 2013 — Jul 2017

New York, NY · Art direction, graphic design, brand campaigns

- **Integrated campaign foundation** delivered creative strategy and art direction from concept through execution across brand identity, digital, social, and content for Samsung, eBay, Comcast/Xfinity, iRobot, CVS, Citi, Unilever, and NBCUniversal; included award-winning **62 Million Girls** for Michelle Obama and the White House.
